Technology Company

Career Opportunities 17th July 2026

Sindh IT Company (SITC), the Government of Sindh's digital transformation arm, is building secure, innovative, and citizen-centric solutions to improve governance and public service delivery. We invite dynamic, results-oriented professionals to join our team and help shape a more efficient, transparent, and digitally empowered Sindh.

POSITION	PREREQUISITES
Penetration Tester	BS in Cybersecurity/CS/IT. OWASP Top 10, MITRE ATT&CK, Burp Suite, Kali, Metasploit. Offensive security and ethical hacking. 4+ years of experience with running offensive-security engagements end to end (web/mobile/API pen tests, red-team exercises, exploit development) and turning findings into prioritized, business-relevant remediation plans.
Infrastructure Lead	BS/MS in CS/IT or Engineering. 5+ years of experience in owning enterprise infrastructure end to end, hybrid cloud and local data center design, virtualization, DR/failover and leads the engineering team delivering 24/7 uptime. Proven vendor and budget management.
DevSecOps Engineer	BS/MS in CS/IT or Engineering, or equivalent hands-on experience. Builds and runs CI/CD pipelines, automates infrastructure via IaC. 5+ years of experience in embedding security into the deployment lifecycle across multi-cloud environments.
Senior Key Account & Commercial Manager	Bachelor's degree required; MBA preferred. Minimum 10 years of relevant experience in key account management, strategic partnerships, government and commercial relations, contract management, revenue and receivables oversight, SLA management, sales forecasting, and business analysis. The candidate should have a proven track record of managing strategic stakeholders, accelerating business execution, and developing partnerships across the public and private sectors.
GoS Department Enablement Officer	BS/BA required. Proven experience in running day-to-day GoS department liaison, correspondence and coordination. 5+ years of experience working closely with key GoS officials preferred.
Senior Manager Marketing, Brand & Public Engagement	MA in Marketing, Communications or related. 7+ years of experience in full-ownership of branding, proven experience in brand audit, strategy, integrated 360, event production, content systems, certified in meta marketing, email marketing, graphic design, client servicing, PR and content creator programs.
HR Officer (Employee Life Cycle)	BA in HR, Social Sciences or related. 2-4 years of running onboarding through exit, confirmations, contracts, records and HR compliance documentation. Experience in proactively keeping the employee lifecycle operations organized as headcount scales.
Full-Stack Software Engineer	Bachelor's degree in Computer Science, Software Engineering, or exceptional relevant experience. Full stack engineer with expertise in .NET, Java, or Python; PHP, MERN Stack, cloud technologies, and AI tools will be an added advantage. Minimum 4 years of relevant experience.
Assistant Manager IT Procurement	BS/MS in CS/IT, Engineering or Supply Chain. Owns IT procurement end to end. BOQs/RFQs, vendor sourcing and negotiation, ERP-based processing under SPPRA/PPRA rules. 4+ years of experience in the technology sector is preferred.
Associate Product Manager	BS in CS/SE/IS. Turns government stakeholder conversations into clear specs, wireframes and backlogs that engineering can actually build against, without letting requirements gaps slow delivery. 1-3 years of experience in software engineering and/or business analytics is preferred.
Product Manager	BS/MS in CS/IT or Business. 6+ years of owning the product roadmap and delivery for the citizen-services portfolio, and is accountable when priorities, timelines or resourcing trade off against each other.
Legal & Compliance Officer	LLB (LLM preferred). 3-5 years of experience in reviewing and drafting contracts, SLAs and procurement documentation, keeps statutory and SECP compliance on track, and supports governance and Board/Committee administration.
